

**PEOPLE
MATTERS!**

**Cardenas
Enginuity LLC**

OUR MISSION

At Cardenas Enginuity LLC, we believe that empowering professionals is one of the most effective ways to transform the construction industry. Behind every successful project, there's a team of skilled, certified individuals — and we're here to help build them.

Our mission is to deliver high-impact, internationally recognized training programs that equip engineers, architects, and construction professionals with the tools they need to lead. Whether you're an individual pursuing a global certification or a company looking to strengthen your team, we provide targeted, practical, and flexible learning paths designed for today's industry.

We don't just train — we develop leaders, unlock career growth, and help organizations increase performance through knowledge, strategy, and confidence.

WHY INVEST IN PROFESSIONAL TRAINING?

- ✓ Global certifications increase employability and salary potential
- ✓ Many U.S. roles require credentials like PMP®, FE, or PE to advance
- ✓ LEED® and Lean Construction knowledge is in high demand
- ✓ Trained professionals improve team performance and reduce errors
- ✓ Certification is faster and more focused than traditional degrees
- ✓ It strengthens your team's credibility, efficiency, and leadership

WHAT SETS US APART

- ✓ We prepare you for global and local certifications. PMP, LEED, FE, PE, PMI-CP, General Contractor among others.
- ✓ We personalize your learning journey. Study plans, mentorship, and flexible formats.
- ✓ We combine theory with real-world practice. Learn from certified professionals with field experience.
- ✓ We work across borders. Training offered in English or Spanish, online or in person.
- ✓ We build leaders, not just test-takers. Our focus is professional growth with long-term value.
- ✓ We've trained teams in Colombia, Mexico, Peru, and the United States.

OUR SERVICES INCLUDE

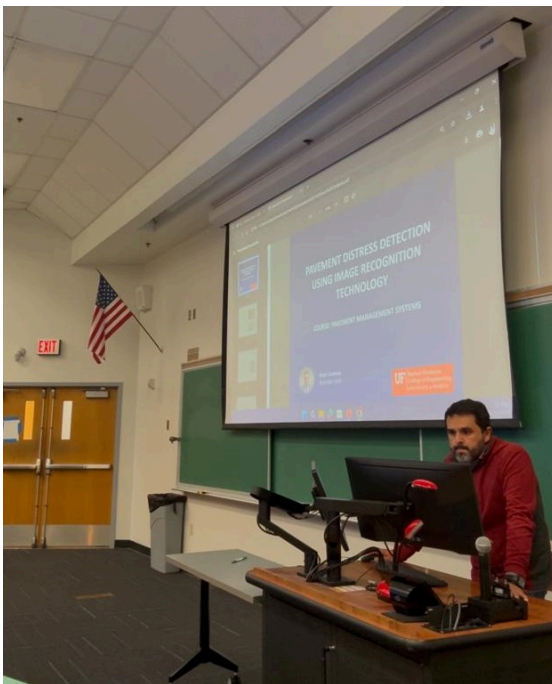

✓ **PMP & PMI-CP Certification Preparation:** Master project management principles and construction-specific strategies through PMI's globally recognized frameworks.

✓ **LEED Green Associate & AP Training:** Learn to lead sustainable projects and earn credentials that align with green building standards worldwide.

✓ **FE and PE Exam Support (U.S.):** Structured preparation for U.S. licensure exams — with guidance on content, practice questions, and test-taking strategy.

✓ **Lean Construction Training:** Understand Lean principles, eliminate waste, and apply production-based thinking to improve project flow and outcomes.

✓ **General Contractor License Preparation:** Focused training on each state requirements, business law, and technical exams to help you obtain your GC license.

✓ **Corporate Training & Custom Workshops:** Tailored programs for engineering and construction teams, offered online or in person, in English or Spanish.

✓ **Enrollment Support & Administrative Guidance:** We assist professionals in the full application process — from eligibility verification and profile review to registration and documentation — ensuring everything is ready for exam approval by the certifying body (PMI, USGBC, NCEES, DBPR, etc.).

OUR EXPERIENCE

Cardenas Engenuity LLC began operations in 2016 as CINPI in Latin America, rooted in a vision to make engineering more inclusive, sustainable, and impactful. In 2023, our founder, **Oscar Cardenas**, was granted permanent residency in the United States through the EB2-NIW visa, a recognition awarded by the U.S. government for his exceptional contribution to the Construction Industry, particularly Accessible and Inclusive Construction.

Since then, we've established operations in Florida, USA, and now serve clients across the country — continuing to deliver specialized consulting that blends technical excellence with social responsibility.
